Name _____ Phone _____

Please tell us why you wish to adopt this/these animal companion(s):

Adoption Process- What's Next?

After we receive your completed adoption application it will be forwarded to the animal companion(s) case manager and foster family. They will contact you to set up a visit. The visit is sometimes done at the foster home, potential adoptive home, or a neutral location. All members of the family must be present at the visit.

When an adoption moves forward you will have a pre-adopt period. The pre-adopt period allows you to take the animal companion(s) into your own home for five to seven days before the adoption is finalized. The intent is to allow you time to see how the animal does in your own home environment before finalizing the adoption.

A legal and binding release will be signed by the potential adopter(s) accepting full responsibility for the animal(s) while in their care during this time period.

Adoption Fees (and what they include)
